Profile

Experienced .NET and Angular Developer with 1.5+ years of professional expertise in designing and implementing scalable web applications. Proficient in database management with SQL Server with strong skills in API and MVC patterns.

- **Key Strengths:** Problem-solving, clean code practices
- **Professional Approach:** Combines technical excellence with effective communication to bridge business and technical requirements
- **Commitment:** Dedicated to continuous learning and applying industry best practices

A results oriented developer who delivers maintainable, high-performance solutions while adapting to evolving technology landscapes.

Professional Experience

2026/01 – Present

Software Engineer

Solution World Ltd. 

- ASP.NET Core & Web API development with Angular and TypeScript frontend, REST API integration, and SQL Server with Git.

2024/06 – 2025/12

Software Engineer

Encoders Infotech Ltd. 

- Built and optimized 3+ .NET Core MVC applications using Onion Architecture, Client Communication and live support, and integrating Ajax/jQuery to enhance dynamic UI and user experience.

2023/12 – 2024/01

Internship Trainee

Brain Station 23 Ltd. 

C#, DOTNET Framework , Onion Architecture, MySQL, Git.

Skills

Programming Language

- C#
- JavaScript
- SQL

Competitive Programming

- Solved 300+ problems on LeetCode/Codeforces; achieved top 20% in DUET programming contests.

Technical Skill

- **Backend:** .NET Framework, REST API
- **Frontend:** Angular, Javascript, HTML, CSS, Bootstrap, jQuery, Ajax
- **Databases:** MSSQL, Stored Procedures, Entity Framework Core, LINQ, JWT Authentication.
- **Tools:** Git, Visual Studio

Training Course at National Academy for Computer Training and Research (NACTAR)
Machine Learning And Data Science

Vice President at DUET Journalism Association
Communication, Report Writing

Assistant Robotic Secretary at DUET Computer Society, DUET, Gazipur
Arduino Project, Communication, Team Work.

Projects

2025/09 – 2025/12	Karigor under Siemens Energy <i>Team Member</i> - Contributed to internal tools development using .NET Core, HTML, Bootstrap, jQuery Ajax, and MSSQL Database, specifically working on the SDSF Order module (Backend & Frontend Development). - Designed and implemented the SDSF Order workflow using MVC architecture, including a four-layer dynamic approval process. - Collaborated with team leads to ensure module deliverables aligned with Siemens Energy's global standards.
2025/02 – 2025/09	Business Express under BAT Bangladesh (Dot Net Framework) <i>Team member.</i> - Contributed as a team member full-stack development of core business modules using .NET, including VAT Generation, Report Generation, and Master Data (CRUD) modules. - Implemented business logic, dynamic reporting, and optimized workflows to enhance data accuracy and operational efficiency.
2024/11 – 2025/09	Clarichem Limited (Dot Net Framework) <i>Team member.</i> - Worked as a Full Stack Developer in a chemical supply and distribution management system. - Developed and maintained core business modules including Loan In/Out, Sales, Material Transactions, Exchange Management, Reporting, and Master Data (CRUD) using ASP.NET ☑ MVC, Bootstrap, and AJAX.
2024/07 – Present	School Management System(Dot Net Core) ☑ <i>Personal Project</i> - Developed a full-stack system using .NET Core MVC and Onion Architecture. - Designed and optimized MSSQL database schema for high-performance.
2024/04 – Present	Employee Management System ☑ <i>Personal Project</i> - Created a secure employee data portal with role-based access control. - Reduced manual data entry errors by 30% through form validations and automated workflows. - Developed dashboards with real-time reporting using jQuery Ajax.

Education

2019/11 – 2024/10 Gazipur, Bangladesh	Bachelor of Science in Computer Science & Engineering (CSE) <i>Dhaka University Of Engineering And Technology ☑</i> - Relevant Coursework: Algorithms, Database Systems, Software Architecture - Thesis: <i>Traffic Control With Graph nural network.</i>
2014 – 2018 Kushtia, Bangladesh	Diploma In Engineering <i>Kushtia Polytechnic Institute</i> Electronics Technology CGPA: 3.37/4.00
2012/01 – 2013/12 Chuadanga, Bangladesh	Secondary School Certificate <i>Bishnupur High School</i> Science Group – GPA: 5.00/5.00

Interests

Technology .

- System design and building scalable software products
- AI, Machine Learning & Data Science for advanced problem solving
- Continuous learning in DevOps and modern software engineering practices

Others enthusiast

Traveling and Cricket & Football
